

### Allied Paper Landfill Community Relations Strategy

A multifaceted approach to inform and engage the public on the site conditions, risks and remedial alternatives for the Allied Landfill

1. Tours/Meetings
  - a. Goals: familiarize stakeholder groups with site conditions and gather questions for FAQs and future meetings
  - b. Events
    - i. City – June 12, 2013
    - ii. KRWCC – July 22, 2013
    - iii. KRCC – *August 15, 2013*
    - iv. Edison Park and Homecrest Circle Neighborhood Associations – *Late August/September*
2. Webpage Development
  - a. Allied Landfill Remedy Selection Process Status
    - i. Allied Landfill Groundwater/Municipal Well Field
    - ii. Site conditions and Risk
    - iii. Summary of cleanup alternatives (capping, excavation)
  - b. Q&A – EPA answers questions to clarify issues
  - c. Launch by September 1, 2013
3. Citizen Phone calls – Opportunity for one-on-one conversations
4. Feasibility Study release
  - a. Print date: August 1, 2013
  - b. Fact Sheet Development – Executive Summary of FS and Allied Landfill FAQs
  - c. Release : September 1, 2013
5. Availability Sessions – late September and late October (post FS release)
  - a. Allied Landfill and Groundwater – Saric
  - b. Allied Site Conditions and Risks – Berkoff
  - c. Bryant Mill Pond Removal and Fish Tissue data – Bucholtz
  - d. FS Alternatives – CCH2MHill
    - i. Capping
    - ii. Total Excavation
6. Proposed Plan Release – December 2013?

Other Issues

1. MDEQ Groundwater Sampling
2. KRWC feedback
